FCC NTX Update - Introductory information

All:

Thank you for registering for the NTX Future City Competition. Attached is basic information to get you started with the NTX Future City program, including basic rules, schedule, and website resources.

1. **NTX TEAM CENTER** – The NTX Region website has information specific to NTX participants. <https://www.dfwfuturecity.org/teamcenter.html>. Here you will find:
 - a. NTX schedule
 - b. Rules and resources
 - c. List of registered groups
 - d. Copy of all email updates

2. **NTX COMPETITION MANAGEMENT SYSTEM** – We will be using the NTX CMS that we've used for several years and accommodates both our FCC and FC Jr competitions. <https://secure.dfwfuturecity.org/NorthTX/Teachers> (login links also available from NTX Team Center website). This is where you will list your teams, upload deliverables, and download scores and comments from judges. More information on this system is in the Intro Info attached.

Very Important – Set up your account on the NTX CMS
 - More information in the Intro attachment. Those with previous accounts may re-activate them by logging in. New users can create an account by “enrolling” (link in menu on upper left).

3. **MENTORS:** If you need help finding a mentor, check out the list of suggestions https://www.dfwfuturecity.org/team_menfind.html. If you've exhausted this list and still need help, contact me and we'll poll our network for volunteers.

Jean Eason
NTX Regional Coordinator
